

TICKET VENDING MACHINE INSTRUCTIONS

ALL PASSENGERS MUST HAVE A VALID TRI-RAIL TICKET PRIOR TO BOARDING THE TRAIN!

STEP ONE:

Choose your destination. At the far left side of the fare machine there are three columns of buttons that list the station names. Press the button for the station you want to travel to.

STEP TWO:

Select your ticket type (see reverse). To the right of the destination buttons are two rows of buttons showing available ticket types. The left row of these buttons are full, adult fares. The right row of buttons are discounted fares (shown with a wheelchair symbol). Seniors, physically challenged persons, Medicare recipients, children 5-12 years old and students are eligible to buy these discounted tickets. You must have proof of eligibility to select a discounted ticket.

STEP THREE:

Pay your fare. Bills, coins or credit cards may be used (Visa, Mastercard or Discover cards accepted). Insert ones, fives, tens or twenties into the bill slot located on the lower right. Insert coins (other than pennies) into the coin slot to the right of the coin graphics. Insert credit card into the slot in the upper right. Your ticket will now print. In a few seconds it can be removed along with any change (and a receipt for credit card transactions) from the bin located at the lower left corner of the machine.*

TICKET CHOICES:

FULL FARE: Press the buttons under "ADULT."

DISCOUNTED FARE: Press the buttons illustrated with a *WHEELCHAIR SYMBOL*.
